# THE SESSION

*what to expect*

Most high schoolers have never experienced a professional portrait session before their senior pictures. So everybody feels a little nervous and awkward to start. You don't know where to put your hands. You don't know how to stand. That's normal! Don't worry - I'll walk you through it and those jitters won't last long!

My goal is to capture your style and personality, so the most important thing for you to do is just be yourself. Bring a friend that you are really comfortable with. Somebody you trust, who will make you feel at ease, somebody who makes you laugh!

Once we start your session I'll look around to find spots with great lighting. I'll show you where and how to stand, sit, or lean and tell you what to do with your hands. Then I'll take a few shots, adjusting my composition and angle, and your pose slightly each time. After a minute or two, we'll find another spot, moving quickly, and changing outfits & poses along the way.

# WHAT TO WEAR

*outfit inspiration*

## MUTED COLORS

Skip the tiny prints and patterns because they do not show up on the photo. Big stripes, polkadots and any other graphic patterns look great.

## LAYERING

Layer and add accessories with a hat, headbands, necklace or vests. Layers especially helps when the weather turns out to be cooler than planned.

## SHOES

Remember that you'll want to be comfortable as we move around, but please stay away from white. Solid color shoes and boots are the best choice.

## FIT YOUR STYLE TO YOUR LOCATION

Wear clothes that are fashionable, yet still functional for the location.

Make sure your clothing will not blend in with your background. Are you going to a photo session in the woods? Try to avoid greens in your clothing.

## ACCESSORIZE

Use accessories. Cool hats, flowers in the hair, jewelry, jackets, etc. All these items will bring out your unique personality on top of their outfit.

# TESTIMONIALS

*what they are saying*

"It was a wonderful honor to have Clark's Studio capture the most precious moments. From the beginning walking into his office, going over packages and prices, his staff was able to assist with all my questions. We felt pretty confident about proceeding with Clark's Studio for our daughters high school senior pictures. Mike is not only good with customer service by listening to the client about their expectations he is a magician with his camera, with capturing the right background, lighting, patience and allowing our daughter to express her own personality. We are very pleased with how the senior pictures turned out. We absolutely love them!"

*Jason and Angel Gibson*
