

College in High School

****Seton Hill University****

Information for High School Students and Parents

Students from participating school districts can register for one or more of the approved Seton Hill University College in High School courses through their high school, and, upon successful completion of the course, receive college credit from Seton Hill.

Most colleges and universities accept credits from Seton Hill University. We advise high school students to contact their desired institution(s) of higher education directly to obtain the most current credit transfer policy. The credits earned through the College in High School program are posted to a Seton Hill University transcript.

If you are a student from a participating high school and would like to learn more, please contact your high school's guidance office or main office.

College in High School FALL Course Registration

Registration for Fall courses opens on September 25, 2023, and closes on October 30, 2023.

College in High School registration is completed online.

The cost of tuition for College in High School courses is substantially less than the regular college tuition. Tuition for the 2023-2024 Academic Year is \$230 per course and may be paid online at the time of registration. If payment is NOT made at the time of registration, the student will be sent a statement of their account via email. The deadline for fall and year-long course tuition payments is November 13, 2023.

For help with course registration and tuition payment:

Connie Beckel, *Assistant Registrar and College in High School Coordinator*

beckel@setonhill.edu OR (724) 838-4219

Requesting a Seton Hill University Transcript:

If you are a former CHS student who would like to request your official Seton Hill University transcript, you can do so through the National Student Clearinghouse.
